CABINET TROUBLES.

Count Hedervary Has Audience With Emperor Francis Joseph.

THE HUNGARIAN CRISIS IMINENT

A Total of Four Vacant Cabinet Positions and One Secretaryshiy Now at the Disposal of Mr. Balfour.

Vienna, Special.—Count Hedervary, who placed his resignation as Hungarian Premier in the hands of Emperor Francis Joseph, some time ago, had audiencies with the Emperor, which, it is reported, have led to the solution of the Hungarian cabinet crisis, and a ministry will be formed either by Count Julius Audrassy or M. Kolomna S. Zell. Should this news be confirmed it will be due to the correct and patriotic attitude of Francis Kossuth and his party. Kossuth declared resolutely against anything in the shape of a resolution and even forbade any street demonstration on the anniversary of. his father's birthday. It is understood that the official communication explaining away the unfavorable construction placed in Hungary on the army order issued by the Emperor, September 17, will be issued in the form of an imperial autograph rescript addressed to Count Hedervary and this proof that the Emperor did not desire to ruffle Hungarian susceptibilities will be emphasized by another imperial visit to Buda-Pesth as an indication of his continued confidence and good will.

London, Special.—Lord Balfour, of Burleigh, Secretary for Scotland, and Arthur Ralph Douglass Elliott, Financial Secretary to the Treasury, have resigned and their resignations have been accepted by the King. Mr. Elliott was not in the cabinet. These two resignations make a total of four vacant cabinet positions and one secretaryship at Mr. Balfour s disposition. With the resignation of Lord Balfour and Financial Secretary Elliot, both strong free traders, it is understood that the ministerial resignations are completed and apparently the Duke of Devonshire has decided to remain in the cabinet. It is practically certain that Austen Chamberlain, Lord Milner and Mr. Brodrick will take the Exchequer, Colonies and India portfolios, respectively, and the only surprise in the new appointments is likely to be the nomination of a strong man to the War Office to determine how far the recommendations of the South African war commission can be carried out. Home Secretary Ackers-Douglass started for Balmoral and he probably will be involved in the reconstruction changes.

The Sultan Explains.

Constantinople, By Cable.—In an audience with M. Zinovieff, the Russian ambassador, Friday, the Sultan expressed his regret at the excesses committed by the Turkish troops in the villayets of Monastir and Adrianople. He said that orders had been sent to the authoritics concerned to prevent their repetition and he gave the Russian ambassador to understand that the guilty parties would be punished. The German ambassador, Baron Marschall Von Bieberstein, also had an audience with the Sultan, who showed himself most optimistic. The latter declared that the insurrection was drawing to a close. In fact, it had already been suppressed in some districts and the Porte, therefore, immediately would issue proclamations announcing the resumption of the application of the reform scheme. After the granting of these audience an extraordinary council of ministers was held at the Yiosk, and the deliberations were continued on Saturday. Official dispatches from the villayets of Salonica, Monastir and Adrianople report numerous encounters which resulted in favor of the Turks.

Arrest of State Senator.

Binghamton, N. Y., Special.—An arrest which has been expected for some time occurred when Postoffice Inspector Mayer, of Chicago, and Deputy United States Marshal Black of this city, arrested State Senator Geo. R. Green, at the office of his attorneys, Roberts, Tuthill & Rogers. Green was arraigned before United States Commissioner Hall and entered a plea of not guilty and his bail was fixed at $5,000.

Robert Emmett's Martyrdom.

New York, Special.—The Academy of Music was filled to overflowing Sunday night by a meeting held under the auspices of the Clan-Gael, to commemorate the centenary of the martyrdom of Robert Emmet. The auditorium was draped with American and Irish flags and the Irish national spirit found expression in continuous applause as the speakers dwelt upon Ireland's wrongs and the hopes of Ireland's sons. Resolutions were passed declaring the only proper settlement of the differences between Ireland and England to be the abolition of English rule in Ireland and pledged the Clanna-Gael to work for the establishment of an Irish republic.

Fire in Baltimore.

Baltimore, Special.—Fire Saturday night practically destroyed the five-story building of the Koch Importing Company, wholesale dealers in toys and fireworks, at 322-326 West Baltimore street. Warner & Company, hat store, House Hempstone & Company, wholesale notions, and S. M. Rauneckker & Company, wholesale clothing dealers, who occupied part of the building, were also damaged by fire, smoke and water. The total loss is estimated at from $200,000 to $250,000.

TERRIBLE TRAGEDY.

Young Man Shot to Death for the Crime of Seduction.

Salisbury, Special.—A homicide with peculiar tragic circumstances occurred at 7 o'clock Thursday morning at Mt. Ulla, a station in Rowan county on the Mooresville-Winston Railroad, about seven miles from Mooresville and 16 miles through the country from Salisbury, Russell Sherrill, a young man of prominent family, being shot and killed by Thomas J. and Chalmers L. White, of Concord, in an altercation growing out of the seduction by Sherrill of Miss Annie White, the orphan niece of the two slayers. All those involved in the affair are of prominent family and of high personal standing.

Immediately after the shooting the White brothers set out for Salisbury, driving at high speed, with the intention of surrendering themselves to the sheriff. County Commissioner Joseph Hall and several other citizens of the vicinity started out in pursuit, but learning the purpose of the brothers on coming within signaling distance, they accompanied them to the end of their journey. Senator Lee S. Overman, Congressman Theo. F. Kluttz and Judge W. J. Montgomery were retained as counsel, Judge Montgomery arriving from Concord by the 11:25 train in response to a telegram. After consultation with their attorneys, the Messrs. White expressed their willingness to go to jail without a commitment. While showing the concern natural to quiet citizens finding themselves for the first time in collision with the law, they gave no indications of a sense of guilt and boldly declared themselves abundantly justified in what they had done. In the Superior Court this afternoon their counsel gave notice of a motion to set a date for a hearing on the question of bail. Judge Brown stated that he would notify Solicitor W. C. Hammer, whose home is at Asheboro, and after his arrival, which is expected, appointed the date for the hearing.

The following statement was made ceived a letter from Mrs. Samuel Archer, whose first husband was their brother, James White, the father of the young lady in the case, the letter reading, Annie is ruined. My God! What shall I do? Please come at once." These gentlemen, being the uncles and nearest male protectors of Miss White, their dead brother's daughter, hired a team in Concord and drove to the home of Mrs. Archer, where they spent the night. They found Mrs. Archer and Miss White in great distress. This morning, shortly after 6 o'clock, they went to the home of Mr. Sherrill, who had seduced their niece under promise of marriage, and afterwards refused to marry her, and conversed with him on the porch. They asked him to keep his promise of marriage and he answered that he would die first. They still insisted that he marry her, and he started towards Mr. Chalmers White in a threatening attitude. Both the brothers retreated to the end of the porch and told him to sit down and reason about the matter; that all they asked was that he marry Miss White. Sherrill continued to advance in striking attitude and both the brothers fired."

River Steamer Burned.

Jacksonville, Special.—The new steamer Eunola was burned in the Appalachicola river at Chattahoochee, last Monday. She had just landed with a cargo of naval stores and spirits of turpentine, all of which was a total loss. Several of the crew had to jump in the river and swim ashore. The engineer was badly bruised about the hands and arms. The mate in attempting to jump had his leg broken. The wires are still down to the west and the first through train arrived last night.

Fresh From the Wires.

A New York dispatches says: 'At a meeting of the board of directors of the New York, New Haven & Hartford Railroad Company here Saturday, Chas. S. Mellen, was elected a director to fill the vacancy caused by the death of Carlos French. Richard A. McCurdy, of New York, president of the Mutual Life Insurance Company, was also elected a director in place of Joseph Parks, deceased."

A dispatch from Luxora, Ark., says: 'Negroes overpowered the sheriff here, took out a negro named Hellom and hanged him to a water tank, where his body was left dangling until this morning. Hellom was charged with assaulting two negro girls, aged 5 and 10 years."

PRESIDENT SPEAKS.

His Speech Delivered During a Heavy Downpour of Rain.

ANTEITAM MONUMENT UNVEILED.

Gov. Murphy Accepts the Monument for the State and the President Accepts It on Behalf of the Federal Government.

Sharpsburg, Md., Special.—Under lowering skies, the magnificent monument erected on the historic battlefield of Antietam by the grateful State of New Jersey to its men who fell in the great engagement, was dedicated Thursday. The occasion was rendered particularly notable by the participation in the ceremonies of the President of the United States and of Governor Murphy, the Chief Executive of the State which was honoring its heroes.

The monument is in the form of an ornate Corinthian column of granite, 40 feet high, surmounted by a heroic figure in bronze of an officer with upraised sword leading his men in a charge. Governor Murphy, of New Jersey, accepted the monument in an address.

President Roosevelt, as he arose to accept the monument on behalf of the Federal government, was accorded an ovation. He spoke in part as follows:

Governor Murphy; and you. Veterans of New Jersey; and you, men of the Grand Army, and all others here. I greet you:

I thank you of New Jersey for the monument to the troops of New Jersey who fought at Antietam, and on behalf of the nation I accept the gift. We meet upon one of the great battlefields of the civil war. No other battle of the civil war lasting but one day shows as great a percentage of loss as that which occurred here upon the day on which Antietam was fought. Moreover, in its ultimate effects this battle was of momentous and even decisive importance, for when it had ended and Lee had retreated south of the Potomac, Lincoln forthwith published that immortal paper, the preliminary declaration of emancipation; the paper which decided that the civil war, besides being a war for the preservation of the Union, should be a war for the emancipation of the slave, so that from that time onward the cause of Union and of freedom, of national greatness and individual liberty, were one and the same.

Men of New Jersey, I congratulate your State because she has the right to claim her full share in the honor and glory of that memorable day; and I congratulate you, Governor Murphy, because on that day you had the high good fortune to serve as a lad with credit and honor in one of the five regiments which your State sent to the battle. Four of those regiments, by the way, served in the division commanded by that gallant soldier, Henry W. Slocum, whom we of New York can claim as our own. The other regiment, that in which Governor Murphy served, although practically an entirely new regiment, did work as good as that of any veteran organization upon the field, and suffered a proportionate loss. This regiment was at one time ordered to the support of a division commanded by another New York soldier, the gallant General Greene, whose son himself served as a major-general in the war with Spain and who is now as police commissioner of New York, rendering as signal service in civil life as he had already rendered in military life.

If the issue of Antietam had been other than it was, it is probable that at least two great European powers would have recognized the independence of the Confederacy; so that you who fought here forty-one years ago have the profound satisfaction of feeling that you played well your part in one of those crises big with the fate of all mankind. You men of the Grand Army by your victory not only rendered all Americans your debtors forevermore, but you rendered all humanity your debtors. If the Union had been dissolved, if the great edifice built with blood and sweat and tears by mighty Washington and his compeers had gone down in wreck and ruin, the result would have been an incalculable calamity, not only for our people—and most of all for those who, in such event would have seemingly triumphed—but for all mankind. The great American republic would have become a memory of derision; and the failure of the experiment of self-government by a great people on a great scale would have delighted the heart of every foe of republican institutions. Our country, now so great and so wonderful, would have been split into little jangling rival nationalities, each with a history both bloody and contemptible. It was because you, the men who wear the button of the Grand Army, triumphed in those dark years that every American now holds his head high, proud in the knowledge that he belongs to a nation whose glorious past and great present will be succeeded by an even mightier future; whereas had you failed we would all of us. North and South, East and West, be now treated by other nations at the best with contemptuous tolerance; at the worst with overbearing insolence.

The president then argued that the need of the world's liberty and progress demanded that the federal armies should win the fight. He spoke of the great gallantry of both armies. His audience listened with good attention although a drenching rain was falling.

Washouts and Wrecks.

St. Paul, Minn., Special.—With losses amounting to $250,000 a day for three days, several fatal wrecks, numerous derailments, more than 100 washouts, telegraph wires down, a soaking rain in progress over several States and snow plows working on the Western lines, Northwestern railways are taxed to the utmost limit of their ability to maintain anything like regular service and to preserve the safety of their passengers. It has been years since there was a situation so serious.

CONVICTS PARDONED

The Peonage Cases Settled By Release From Prison.

ALABAMA PRISONERS SET FREE.

Reasons for Executive Clemency Given—The President Acts in the Interest of Mercy.

Washington, Special.—The President has granted full and unconditional pardon to Geo. Davis and Barancas F. Cosby, convicted at Montgomery, Ala., of violation of the peonage law. These men were indicted for holding Pike Swanson in a condition of peonage, pleaded guilty on June 30, 1903, and on the same day were sentenced to imprisonment for a year and a day in the United States penitentiary at Atlanta, Ga. They have been imprisoned ever since, and were released on telegraphic instructions from the Department of Justice. During the month of June more than eighty indictments against a number of individuals, for violation of the peonage law, were returned by the grand jury at Montgomery, and several convictions were secured, the sentences imposed ranging from the minimum, one year, to the maximum, five years. The President granted the pardons in the above cases upon the earnest recommendation of Judge Jones, who sentenced the prisoners. In his letter to the President, Judge Jones says:

"The favorable recommendation now made proceeds on no idea that the sentences were unjust, but solely from the conviction that the punishment already undergone by the prisoners has accomplished all the real ends of the law in these cases.

"The prisoners have undergone the humiliation of imprisonment in the penitentiary, the sting of condemnation by their neighbors and associates and the wide publicity of their offense. They have been separated from their families, and have worn stripes. There is no ground for believing that they will ever again, under any circumstances, whatever, engage in like practices. They attempted no defense, but pleaded guilty at the earliest opportunity. They were contrite and admitted that they justly deserved punishment. The reform of offenders themselves, so far as the law contemplates that has been completely effected by the punishment.

"The question of pardon may, therefore, be properly considered now solely as regards its effect upon the administration of justice and the public welfare. The law has been thoroughly vindicated, and the evil against which it was directed, in these communities, has been completely crushed. Connivance with the abuses of corrupt magistrates in that locality in the exercise of power to hire out offenders for payment of fine and costs on conviction for small and often sham offenses, in order to reap profit for the hirer, has been thoroughly exposed and broken up. It has met the hearty reprobation of the great mass of the people in all walks of life. The example has been all sufficient to deter others from like offenses in the future.

"The press, the pulpit, the bar and the people at large, as well as those in Tallapoosa county, have been outspoken in their gratification that the evil has been broken up and have heartily commended the course of the authorities in dealing with it. This spirit, as you will see by the accompanying petitions, actuates the people of that county, who, in numerous meetings have asked the pardon of the prisoner. Among the signers of petitions for pardon are many negroes. They feel safe from any repetition of like offense, and join with their white neighbors in these petitions for clemency, believing, in this instance, that it will redound to the public good, and smooth the relations between the races. The great body of the people of Tallapoosa county have, in effect, became sponsors for the good behavior of the prisoners, and the loyal observance of the law in this respect by all others in the future. A public opinion, stronger even than the power of the law, has been aroused to stand up in the future for justice and fair play to the weak. Granting the prayer of these petitioners would recognize and strengthen these moral influences, which, at last, are the only enduring foundations of a reign of law. I cannot doubt that good would come from granting the prayer of the petitioners.

* * * After much reflection and consideration of the matter, I unhesitatingly recommend an immediate and unconditional pardon."

Cyclone at Atlantic City.

Atlantic City, N. J., Special.—The storm which struck the New Jersey coast early Wednesday morning was one of the severest experienced for a long time. The wind blew with hurricane force and while it lasted kept up a speed of 70 miles an hour. The storm was terrifying to a degree, but the damage was not as great as was at first believed. A conservative guess places the entire damage at $25,000 or $30,000. The telegraph and telephone lines leading out of the city are down and the fact that the city was cut off from connection with the outside world started wild rumors that the great resort had been entirely swept away.

Postal Inspector Arrested.

San Francisco, Special.—Postal Inspector James E. Erwin, indicted by the Federal grand jury at Washington, D. C., for alleged conspiracy to defraud the government, was arrested Wednesday afternoon by the United States marshal. Bail has been fixed at $5,000, which was promptly furnished. Thos. Richard, chairman of the Berkley town trustees, and C. R. Witter qualified on Erwin's bond.

NORTH CAROLINA CROPS

Conditions For Past Week As Given Out By the Department.

Fair, warm, dry and sunny weather during the past week was very favorable for farm work, and farmers made good progress in gathering crops. There wer showers in the central region, which were very beneficial, except that a few severe local storms with hail and wind caused some damage to crops in Caswell and Alamance counties; elsewhere the entire week was rather dry. The temperature averaged nearly 2 degrees daily above normal, but, though the weather was warm, there were no extremes, and cool nights are beginning to prevail, especially in the more elevated western sections. More rain is needed for fall crops, especially turnips and late corn; and rain is needed to soften the soil for plowing, which is progressing rather slowly.

The dry weather has been beneficially to cotton where the weed was getting to be too large, but in many sections it is thought that premature ripening is resulting from the deficiency of moisture; rust and shedding are still reported in many sections; cotton is now opening quite rapidly in most counties, and picking is well underway; the crop is being rushed to the gins and marketed as rapidly as possible; the lint appears to be fine and heavy. Gathering old corn is now underway; late corn promises a very good yield; gathering fodder is practically over in the South and east, and is just fully underway in the north and western portions of the State. Cutting and curing tobacco is progressing well in Alamance, Guilford, Person, Surry, Forsyth and Caswell, and the cures are reported to be very good. Digging peanuts has commenced, crop fair. Sweet potatoes are excellent; a good crop of field peas is being gathered; rice is ripening and the harvest begun. During the past week a fine crop of late hay was cured and safety covered, including both meadow and peavine hay. Turnips where up are growing well, but the dry weather has prevented the sowing of winter turnips in many sections. Clover needs rain. Breaking land for wheat is progressing as rapidly as the dry condition of the soil will permit, and sowing winter oats and rye is underway. Scuppernong grapes are ripe; the season for other fruit is about over; late or winter apples are reported as dropping excessively, and the crop will be very short.

Union Depot for Durham.

Raleigh, Special.—Before the corporation commission there was held what might be called a final conference with the representatives of the Southern, Seaboard Air Line and Norfolk & Western Railways about the building of the union passenger station at Durham. All hands finally got together, the lion and the lamb laying down side by side. The very beautiful design submitted by the Southern Railway is the one accepted ,and Durham people will certainly have every reason to be proud of their station. There were two or three "hitches," the first being due to a demand by the Seaboard as to running freight trains through the station. Another was an objection by the Norfolk & Western Railway to paying a third of the cost of the station. The lawyers made it a "game of fence" all the way through, and their ironical compliments were really delightful. The S. A. L. was represented by Vice President and General Manager Barr and General Counsel Leigh R. Watts; the Southern by Vice President Andrews and Attorney F. H. Busbee; the Norfolk & Western by Vice President Johnson and Attorney W. A. Guthrie; the city of Durham by Victor S. Bryant and Howard A. Foushee. All papers were duly signed by representatives of the three railway in interest, the Southern, Seaboard Air Line and Norfolk & Western. The commission ordered that the Seaboard pay one-third of the cost of the building and necessary ground; that the Norfolk & Western pay one-third of the cost of the building and that the Southern pay the remainder of the cost of the building and ground. The total cost will approximate $50,000.

The Lincolnton Postoffice.

The matter of the appointment of the Lincolnton postmaster has created some interest on account of the prominence of Mrs. Shipp, one of the applicants. A Washington special to the Charlotte Observer says: The Lincolnton postoffice contest has reached the point that requires action by the authorities here, and as soon as the President returns from Oyster Bay, two weeks hence, it is probable that an appointment will be made. The Republican State chairman and the national committeemen from the State have made different recommendations, though this is not to be taken as an indication that there is any friction between the two. The recommendations are in a nature personal. Chairman Rollins has requested the appointment of F. A. Barclay, while ex-Judge Robbinson, the national committeeman, favors the appointment of Mrs. Shipp.

Brief Mention.

A Charleston, W. Va., dispatch says: "The dead body of a young white man was found in a freight car loaded with watermelons in the Chesapeake & Ohio Railroad years here. His skull was fractured and the pockets of his clothing turned wrong side out, indicating that murder with robbery was the motive."

Severe storms in Florida last week did serious damage at many points.

North State Notes.

Raleigh, Special.—Early Sunday morning there was another fatal collision of trains on the Seaboard Air Line, a mile this side of Henderson. This time it was a rear end collision of freight trains. No. 22 was at the coal shute when No. 12 ran into it. The caboose of No. 22 was nearly destroyed and was set on fire and burned, causing the loss of two lives. The bones of one of the two men who were in the caboose were quickly found. He was W. E. Brown, a bridge foreman. Only a few fragments of his remains were left. His home was at Rich Square, and he had been with the road three years.

Charges have been filed with the Postoffice Department against Postmaster J. D. Massey, of Smithfield, and an inspector has been sent to make an investigation. Gross immoral conduct is the charge made against the postmaster. Representative Pou has taken the matter up, and has asked for the removal of Massey for the good of the postal service. The charges were filed by citizens of Smithfield, though the names of those preferring them could not be learned at the Postoffice Department.

The Hotel Richmond, at Rockingham, was burned Friday morning, entailing a loss of $16,000.

The Supreme Court allows the petition for a new trial in the case of McNeill against the Seaboard Air Line Railway, this being the case in which the court at last term held that a man who was riding free could not sue a railway for negligence. The case comes up from Moore county, and will be argued among the seventh district appeals.

Governor Aycock is notified by the United States Department of State that the German ship of war Panther will soon visit Wilmington. The Governor is absent, and Private Secretary Pearsall notified the commandant of Fort Caswell, the mayor of Wilmington and the commanding officer of the Wilmington naval reserves.

Salem Female College now has 400 students. The number of boarding pupils is the largest in the history of this well-known institution. The principal has found it necessary to rent two additional buildings in order to take care of the two new "room companies" which were formed.

Proposals are called for what is known as the season wagon service between the postoffice and the depot at about 50 places in this State. The instructions call for an absolutely new equipment, and have also the requirements that bidders can only be persons living on the route or contiguous thereto. The officials think this a very good provision.

While all the sheriffs, save one, defaulted, have made full settlement with the State Treasurer, the commissioners of 22 counties have failed to settle with the Auditor. This year's taxes are probably $40,000 more than last year's.

Fire destroyed the livery stables of J. J. Little at Wadesboro Friday night.

The city of Raleigh is engaged in a red-hot dispensary fight.

A charter is granted the Lumberton Improvement Company, of Lumberton, capital $125,000.

Immense damage was done by a storm along the upper Atlantic Coast.

Fingers Cut Off.

Hendersonville, Special. — Robert Reed, a young man who works in Mr. J. W. Smathers' blacksmith and woodworking shop here, met with an accident late Wednesday afternoon, in which he sustained a painful injury. He was working at a planing machine, and by some means or other he allowed his fingers to get caught in the knives, and the end of his little finger and fore-finger on his left hand was cut off below the first joint.

News of the Day.

Sir Thomas Lipton, who is ill in Chicago, is now officially declared to be suffering from catarrhal appendicitis.

The Spanish Gen. Ordonez has invented a new field gun which is said to be the most formidable weapon known. The new gun will fire a projectile of 500 pounds over a distance of seven and a half miles. At a distance of one mile a shot went through an armor plate of 18 inches thickness.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED ABROAD AT NOONDAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

Regarding the next democratic candidate for governor the Warrenton Record says:

"He must be loyal to state and party; he must be a patriot and statesman; he must be a man of first class ability, and he must be a leader in the fight against the saloon. We know the man that fills the bill and in due time we will announce him."

If you have any mercy on us don't keep us in suspense any longer. We didn't know there was a democratic politician of this kind in the State, and we are sure he is not a member of the machine, for we have never heard of a machine democrat that was loyal to North Carolina, for instead of trying to protect her they are after squeezing every cent out of her possible and even run the State into debt to satisfy their greed for office. The man of whom the Record speaks should be put into a glass case and placed in the State Museum until they need him for Governor, and even then he should be handled "right side up with care."

The Superintendent of public schools for the county of Ashe has written State Superintendent Joyner that two school districts have been consolidated into one, making one large district witn 185 pupils. This is the democratic method for giving us longer school terms. The school districts were too large before for the small children living near the dividing line of the districts, and now where they are consolidating the districts the schools will be absolutely worthless to the children living hear the dividing line of the districts as the districts will be too great for them to attend the school and yet the parents of these same children are taxed to help support these schools. This is unjust and we are surprised that our "Educational Governor" allows such conditions to exist in this State.

"Raleigh is stirred to its depths by the question of taxation. Judge Peebles has issued an order against the board of county commissioners of Wake county to show cause why they should not be restrained from collecting taxes under the present assessment. This was bound to come. Whoever has looked into the matter must have seen that the problem of taxation will surely enter the next state campaign, and no one knows to what lengths it may be carried. Assessments and valuations were raised too suddenly to suit the public temper."

You may not believe it but the above article was clipped from the Eastern Reflector, a Simmons machine paper published at Greenville. But one redeeming feature about the editor of the Reflector, he will tell the truth occasionally even though it is against the democratic party.

The Biblical Recorder asks what would happen if the negro question was dropped.

Why the yellow journals of the News & Observer kind would have to go out of business—that is all.

We are informed that there is not a Populist or Republican on the jury list of this county, and we are still further informed that one of the county democratic officials has said there will not be any put on the list.

Why this discrimination? Is this "equal rights to all and special privileges to none"? Do you wish more of the democratic machine government? If you do you are in favor of a monarchical instead of a Republican form of government."

The democrats of Ohio a e making a play for the negro vote in that State for Tom Johnson for Governor. One of the arguments they are using is the Republicans never give the negroes any offices. The Ohio democratic executive committee should borrow the Simmons-Aycock Machine and get Simmons to manipulate it for them.

"If there is any editor who has not explained the trouble between Turkey and Bulgaria he will please come forward."—Eastern Reflector.

We are not guilty. We have been too busy at home trying to get North Carolina out of trouble. We sympathise with those foreigners but we think charity should begin at home.

"Good will never die, but it some times appears to have gone into a trance."—Greenville Reflector.

Right you are. The good democrats in this State seem to be in a trance. But they will wake up some day and when they do there will be a mighty shaking-up in the democratic party.

Wednesday morning's issue of the News & Observer contained a long article about prohibition and a large advertisement of whiskey in the next column parallel to this article. Oh! consistency thou art a jewel.

TAX PAYER REPLIES TO "BAPTIST."

He Says the Object of the News and Observer Was to Divert the Attention of the People From High Taxes and Corruption in High Places—Difference Between Sectarianism and Hypocrisy.

Fayetteville, N. C., Sept. 22, '03.

Mr. Editor:—Your correspondent from Fayetteville charges Josepheus Daniels, Editor of the News and Observer with sectarianism, and we have after due deliberation concluded that "Baptist" is honestly and conscientiously mistaken for we are sure the seemingly pious(?) editor of the News and Observer has not got enough of regeion to be a sectarian. He carries about a long sanctimonious face, and a stranger would think that it was the ghost of John Knox walking the streets of Raleigh instead of the Golden City, of the New Jersalem. The Charlotte Observer charged this pious(?) Editor with being a "flannel mouth liar." Philiips of the Morning Post jumps on the Charlotte Observer band wagon and says the same thing. We are of the opinion that "Baptist" has mistaken hypocrisy for sectarianism and we think he should go to Raleigh at once and take his hat off and apologize to the News and Observer. Editor Babb says that the Editor of the News and Observer is a freak of nature with the heart of a hyena and the brains of a vulture and of course Bro. Babb thinks the charges of sectarianism made by "Baptists" is with foundation and a slander on the News and Observer.

The attack on Dr. Massee and the Tabernacle Baptist Church was the act of a "drowning man catching at a straw." The Editor of the News and Observer is growing desperate in trying to divert the attention of people of Raleigh and of the State which the infamous Aycock and Simmons machine have increased the taxes on the people of North Crrolina more than 33 1-3 per cent, and in the city of Raleigh and other towns in the State it is equal to almost the confiscation of the property. There is scarcely a county in the State that is not financially defunct.

The News and Observer with flaming head lines published the Booker Washington Episode at Hamlet in its mad attempt to stir up strife, which the facts were as reported that Senator Bacon of Georgia slept in the "Booker Washington Hamlet Hotel" that night, and the next morning took breakfast at a nigger restaurant. The proprietors of the Hamlet Hotel were famous red shirt Democrats, and one of them holding a County office in the Democratic county of Richmond. The next attempt of the News and Observer was to destroy the influence of Dr. Massee the pastor of the Tabernacle Baptist Church not on the account of sectarianism or that Dr. Massee said that the laborer was not paid enough to give them a comfortable living, but the prime and only object in view was to deceive the people and divert their attention if possible from high taxes and corruption in high places. Judge Clark said in a speech before the Bar Association at Hot Springs, Virginia, that labor did not receive its just rewards, and yet the News and Observer was as silent as the grave, simply because Judge Clark was trying to array labor against capital.

ACCIDENT AT HENDERSON.

Two Freight Cars Demolished Killing Capt. W. A. Brown.

Henderson, N. C. September 31.—A terrible accident happened here Sunday morning at the coal chute of the Seaboard Air Line.

A northbound freight, No. 22, had stopped at the chute about 2 a. m. to get coal and water, and while standing on the track another freight, No. 12, ran into the rear of the first freight, smashing the caboose and two freight cars and instantly killing Capt. W. A. Brown.

The engine of the rear freight was badly smashed in and at once set fire to the debris of the wreck.

The dead hour of the night and the small force of the two night trains made it impossible for them to extinguish the fire or even save the body of Capt. Brown from the flames.

When the flames had died out there remained but the ironwork of two cars, the ties of a car of cotton and the body of Capt. Brown.

So intense was the heat that the body of the unfortunate man was almost completely consumed, the legs and arms being entirely destroyed and most of the head and body. His watch, of a heavy silver type, was left a melted mass.

WEEK END RATES VIA S. A. L.

Abraham Lincoln's opinion of these Historical Celebrities: "I want to thank you and your brother for Abbott's Series of Histories. I have not education enough to appreciate the profound works of voluminous historians; and if I had I have no time to read them. THE GREAT STATE FAIR.

Many Good Attractions Have Been Secured for the Midway—The Confederate Veterans Will be in Encampment Here During the Fair.

Secretary Pogue, of the State Fair Association, is sparing neither trouble nor expense to give the people of North Carolina an exhibition worthy of the great State Fair. He has closed a contract with the Gaskill-Mundy-Levitt Combination of Shows, which secures that famous aggregation at the Fair Grounds during Fair week.

There will be lots of free shows, including Le Rose, who does the Revolving Spiral on a ball; High Wire by Grant, who grazed the edge of the tank one day in a strong wind; Youturkey on the slack wire, who fell and broke two ribs in Baltimore; Holden, who does a high dive somersaulting backward, and Le Rose and his sister, who do a juggling act. Among the paid shows will be the Streets of Cairo, with camels, donkeys, an elephant, and dromedaries.

At the great reunion to be held here during the State Fair thousands of veterans from all over the State will be present.

The encampment on Cameron field begins Tuesday, October 20th, and closes Thursday, October 22d. On Wednesday morning the veterans will form in line for the great parade. General John B. Gordon, commander of the United Confederate Veterans, and General Julian S. Carr, State commander, will lead. They will be assisted by Generals Matt W. Ransom, W. R. Cox and W. P. Roberts and a brilliant staff. General Gordon will make a short address at the grounds, and the Generals will hold a drill and review of the veterans.

Major General Julian S. Carr has called a reunion of Confederate veterans, to be held in Raleigh during the State Fair, beginning Tuesday, October 20th, and ending Thursday, October 22d. The veterans will go into camp while here. Light refreshments, ice water, lemonade, coffee, etc., will be provided. Tents, straw, etc., will be furnished. The State Fair is heartily co-operating with the officers of the Veterans' Association, and it is hoped that this reunion will be a truly great gathering of North Carolina's soldiers.

On Wednesday the veterans will form line and march to the Fair Grounds, where they will be admitted free.

General John B. Gordon will deliver his famous address, "The Last Days of the Confederacy."

THE COSMOPOLITAN FOR OCTOBER.

Almost every popular magazine arranges to have in each of its numbers what is known in editorial slang as a beauty article." By this name is meant an article which admits of the introduction of a number of portraits of beautiful women—court beauties, lyric artists, actresses, or merely typical faces. In THE COSMOPOLITAN for October that clever essayist, Rafford Pyke, propounds and discusses entertainingly the question, "Do good looks in a man appeal with the same strength to women as loveliness in a woman appeals to men?" To determine the exact status of the handsome man and his fascination for the fair sex, is a novel attempt in light psycholgy.

DEMOCRATIC INCOMPETENCE.

What's wrong with the penitentiary officials? Is the Governor not pardoning the prisoners fast enough? Five long term prisoners have escaped within the last three weeks besides others at various times. The like of this never occured during fusion rules, yet when a prisoner chanced to escape during that period the Democratic press denounced it as "fusion incompetence." Why do they not tell the people of the "incompetence" of the present administration?—Shelby Aurora.

Four Women Claim This Man as Their Husband.

Asheville, N. C., Sept. 21.—It was learned today that Rev. Hyder, the muchly married preacher from Mitchell county, who was arrested last week with a Mrs. Sparks on charge of infanticide, has four wives in thes city and one in South Carolina. All four of the Mrs. Hyders here live in the same locality and each one claims to be Hyder's lawful wife.

Hart-Ward Hardware Company.

We wish to call the attention of our readers to the new advertisement of the Hart-Ward Hardware Company which appears elsewhere in this issue. They are one of the leading hardware firms in the State and all of their goods are first class. If you can't come to Raleigh to get what you need in their line, write them for catalogue and prices. They give "Green Trading Stamps" on all cash purchases which are valuable in securing nice prizes.

COTTON GINNED UP TO LAST OF AUGUST.

First of the Five Reports to be Issued—They Were Collected Through a Canvass of the 32,625 Ginneries.

Washington, Sept. 22.—A census report on the quantity of cotton ginned in the United States from the growth of 1902 up to and including August 31 gives the following figures:

Total commercial bales, 17,587, including 16,901, square bales, 570 round bales of upland crop and 26 bales of sea island crop. The total gins in operation numbered 2,176

SHOOTING AFFRAY AT ROCKY MOUNT.

Rocky Mount, N C., Sept. 21.—Julius Mayfield shot and fatally wounded Holman at South Rocky Mount yesterdry morning. The whole right side of Holman's face, his eye and nose were shot away and physicians say it is impossible for him to recovery. Both of the men were negroes and had been working for the A. C. L. on the yards at this place. No one seems to know the cause of the shooting. Mayfield escaped and has not been apprehended as yet.

Charged With Crimanl Assault.

Charlotte, N. C., Sept. 21.—Fred Truesdale, colored, was arrested this evening, charged with assault with intent to rape Mrs. T. J. Killough. The arrest was made by Irwin and Officers Pitts and Johnston.

The crime was said to have been committed September 16, in a cut near the junction compress. Truesdale will be given a hearing tomorrow morning at 9 o'clock.—News & Observer.

Robert Penland is Probably Fatally Wounded by His Newphew.

Asheville, N. C., Sept. 22.—News was received here today of a dangerous cutting scrape that occured yesterday near Leicester, in this county, in which Robert Penland, one of the wealthest and best known citizens of Buncombe was, it is believed, fatally stabbed by his nephew, Henry Penland.

Bonds to be Issued for the Raleigh and Pamlico Rail Road.

The counties through which the Raleigh and Pamplico Rail Road will run voted on the bonds Tuesday and all the counties voted to issue bonds. They amount to $180,000. The road will be built from Raleigh to Washington, N. C,, by way of Wilson and Greenville.

Chapel Hill Post-Office Robbed.

Chapel Hill, N. C., Sept. 21.—The post-office here was robbed tonight at twenty minutes after seven o'clock.

It is conducted in the store of Mr. O. F. Craig, the postmaster, and the robbers secured $40 in cash and $142.20 in checks.

THE SPIRIT OF WINTER.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle, yet thorough. Only 25c at any Drug Store.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing **Dr. Kilmer & Co., Binghamton, N. Y.**

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

Miss Monie Bowey.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

MONIE BOWEY.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowey's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a $1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

Russell Sage's Jest.

Only on high occasions does Mr. Sage permit himself to jest. Ordinarily his habit is what the late Joseph Cook made so much of as the "soul's laughter at itself." But when he can get in a dig at the expense of a great nabob of the financial world he does so in the most sardonic style.

His chance came last week with the departure of Mr. Morgan for Europe, which—as readers of real estate news will recall—had been preceded by the announcement that Mr. Morgan had sold his "troublesome Park avenue flats." Thus spake Uncle Russell:

"So, Morgan has gone, hey? And he has disposed of his interests in those Park avenue flats? Well, I don't know about the flats on Park avenue; but I'll bet you a doughnut against a double eagle that he has not parted with his interest in the flats on Wall street."—New York Mail and Express.

Labor Situation Sized Up.

District Attorney Jerome was rather amused by the manner in which a tramp who strolled up to the kitchen door of the Lakeville home last Sunday morning sized up the labor situation. While the wanderer was devouring the food set before him, he bitterly complained about the hard times.

"But I had imagined that work was plentiful now," ventured Mr. Jerome.

"Oh, yes," was the reply, "there is plenty of work all right; but if you belong to a union you have to be on strike most of the time, and if you don't belong to a union they won't let you work anyhow."—New York Times.

Why Nations Wear Colors.

Did it ever occur to you that the bunch of colored ribbons you wear in your buttonhole—or pinned on your dress if you are a girl—at commencement, or at a baseball or football game, is really a flag? It tells to what class or school or college you belong, or which of these, for the time, has your interest and sympathy. And for somewhat similar reasons do nations wear their colors. At first maybe it was to tell one another apart, but after a while the colors—the flag—came to represent the nation itself; and the way the people acted toward the nation's flag was supposed to show the way they felt toward the nation.—From "The Origin of Our Flag" in St. Nicholas.

Those who take the most pride in doing a thing by sheer instinct pay the penalty for it in cold judgment.

DYSPEPSIA OF WOMEN.

Mrs. E. B. Bradshaw, of Guthrie, Okla., cured of a severe case by Lydia E. Pinkham's Vegetable Compound.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary medical treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by derangement of the female organism, and which, while it causes disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar uterine-tonic effects as well.

Thousands of testimonial letters prove beyond question that nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound. It always works in harmony with the female system.

Mrs. Pinkham advises sick women free. Address Lynn, Mass.

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints, Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

Tortillas.

In conjunction with the systematic effort made in recent years by the United States to make known in Europe the food value, or, rather, table value, of Indian corn, it may interest many housekeepers to know how tortillas are made. These tortillas are, as many know, thin cakes of corn, and are used in Mexico and other Spanish-American countries almost universally in lieu of wheat bread. The corn, selected clean kernels for best results, is boiled in lime water until soft. It is then washed thoroughly in water to remove all traces of lime, and rubbed between the hands to remove the outer husk of the corn. The clean corn is then ground, while wet, to a soft mass, which is easiest accomplished with a peanut butter mill. The wet dough resulting from grinding is patted into thin cakes of convenient size and baked on a dry griddle (that is, without fat) and served hot. In the better class families it is usual to have one servant bake these tortillas continually during the course of a meal, so that the table may be supplied fresh from the griddle all the time. While these cakes are a radical departure to all English speaking people, many soon develop a great liking for them. They are especially palatable when eaten with highly flavored meat dishes, such as the Mexican "chile con carne," and also when spread with butter. It may be well to add that no salt is used in the preparation of these cakes.—Scientific American

Swiftest of Birds.

Seamen generally believe that the frigate bird can start at daybreak with the trade winds from the coast of Africa and roost the same night upon the American shore. Whether this is a fact has not yet been conclusively determined, but it is certain that this bird is the swiftest of winged creatures and is able to fly, under favorable conditions, 200 miles an hour.

To Save Being Surfeited.

This youngster, like most boys, is very fond of his paternal grandmother. She took charge of the house while the mother went away for a week not long ago.

One day he was rather obstreperous, and the grandmother remarked: "If I had the care of you all the time, Guy, I shouldn't allow you to do many things that I overlook this week; I am afraid you wouldn't love me so much then."

"Well," replied Guy, "I suppose it would be like ice-cream—if we had it all the time, I s'pose we wouldn't care much about it, anyway."—New York Times.

A Large Cotton Crop—Lower Prices.

It begins to appear as if the supply of cotton this year will be fully equal to all requirements, and the cotton planters of the South will doubtless act wisely in selling the cotton they have raised just as promptly as it can be brought to market.

The U. S. Government in its report on the cotton crop, issued on the 3d of September, makes the condition of the crop 81.2. This is 17.2 per cent. better than the report at the same time last year, and the acreage shows an increase of about four per cent. This is a total of twenty-one per cent. over last year's indicated production, which is the equivalent of about 2,000,000 bales of cotton. The indicated crop is, therefore, somewhere in the neighborhood of 13,000,000 bales, and while it is possible that an early frost or bad weather may diminish these figures slightly a crop of at least 12,000,000 bales or over seems probable. Such a crop if realized undoubtedly means much lower prices. It is to be hoped that the cotton planters of the South will not be misled by false prophets into holding their cotton, but that they will, on the contrary, sell it as rapidly as it comes in. Nearly all authorities are confirmatory of the Government figures. Mr. Theodore H. Price, the well-known expert, makes the condition eighty-three and the crop 12,700,000 bales, and the figures of the New York Journal of Commerce indicate about the same conclusion.

The truth seems to be that the abnormally high prices to which cotton advanced during the spring and summer, although they profited planters but little, as the crop was practically all marketed before these prices were realized, have greatly stimulated planting and production in every direction.

Humbug on a Large Scale.

In 1862 a man named Vrain-Lucas, living in the rue Jean Jacques Rousseau, Paris, managed to dispose of no fewer than 27,000 bogus manuscripts, gems, enamels and ivories.

He said he found them in an iron-bound chest in a ruined city in Central America; but it came out afterward that he had, with infinite pains and cunning, made them all himself.

The pride of the collection was what purported to be an ancient silver casket of Syrian workmanship, and which contained, among other things, a love letter from Judas Iscariot to Mary Magdalen, twenty-five letters to St. Peter from Lazarus and two brief epistles from Gremius Julius to our Lord.

The telegraph system in the East African British Protectorate of Uganda now extends to Batiaba, on the shore of the Albert Nyanza. The trunk line from Mombasa, with its branches, is over 1,034 miles in length, and the charge over the whole distance is 4 cents a word, with a minimum of 33 cents for a message of eight words. There is also a system of telephones along the whole distance, which may be used at 33 cents a conversation. The poles on which the wires are fixed are living trees.

FALL KIDNEY CHILLS.

With the chilling air of fall comes an extra tax on weak kidneys.—It's the time Doan's Kidney Pills are needed—now recognized the world over as the chief Kidney and Bladder remedy.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Statues in Public Parks.

In designing a garden or square, the fixing of sites for future statues should be to design as obvious a problem as the fixing of tree sites in respect to their future growth. Thus every design should be considered as a complete whole. There should be a fixed number of sites for future use, the utilization of which completes the original idea, and excludes the introduction of further monuments. How far from this are the actual conditions needs no telling to the observant New Yorker. The prevailing method of placing statuary in our gardens is a farce—a disgrace to the park department, an eyesore to the public and a heartbreaking reflection to the sculptor.

The majority of the sites for these statues appear as mere afterthoughts, which in reality they are—utterly incongruous to their surroundings. They seem to have been waylaid en route to their allotted positions.—Architectural Record.
